

**Film title**

1914 - 1918: The First World War

**Tagline**

**Short synopsis**

**Long synopsis**

It was Europe's first suicide attempt. A war fought for no real reason, just the logical consequence and conclusion of an 18th century nationalist mentality. Everything remained unchanged at the close of four years of unprecedented battles, except for millions of dead and injured, the ruin of entire regions and an unprecedented famine. This video offers original and often unpublished pictures.
