Short synopsis

After years of playing songs by other artists, the opportunity of a concert in Norway encourages a metal band to compose their own material, but not before overcoming some unexpected difficulties.

Long synopsis

Turo is stuck in a small village and the best thing in his life is being the lead vocalist for the amateur metal band Impaled Rektum. He and his bandmates have practiced for 12 years without playing a single gig. The guys get a surprise visitor from Norway -- the promoter for a huge heavy metal music festival -- and decide it's now or never. They steal a van, a corpse, and even a new drummer to make their dreams a reality.
