Long synopsis

Alice is an offbeat pharmacist surrounded by a nice, dysfunctional family. And still single. To the great consternation of her parents. She actually met the perfect man 20 years ago...but he married her sister ! Since then, no one has been up to her expectations. She takes refuge in Woody Allen movies. In her day dreams, she has long talks with the author, asking him about everything from love to work. According to Alice, all answers can be found in Woody Allen movies. When she meets Vincent, the perfect guy, her life seems to change for the best. But she also meets Victor. Not the perfect guy. He's never even seen one Woody Allen movie ! So why does he turn her life upside down this way? It's time for Alice to take action. As Woody Allen told her: "You have to be your own person and make your own moral choice even when they do require real courage. Otherwise you're like a robot, a lizard."
