Short synopsis

Long synopsis

Two 13-year-old girls, Bobo and Klara grow up in Stockholm 80's, and it seems their parents don't understand them. They feel lonely and angry, wandering aimlessly through streets of town, as they decide to start a punk band, even though they can't play any instrument. Their "song" about PE and rescue of African children is terrible and they feel there's need for something more. When Hedwig with a unique music talent joins them, their band and music start to make sense. Finally they can win with their punk hairstyle and beat all the sexist disgusting boys, overdressed flirty girls and awkward parents.
